take your skills up TWO levels: dual qual!

Shb60221: Advanced diploma of skin therapy (dermal) & Shb50216: Diploma of salon management

Advance Your Future in Clinical Skin Therapy : SHB60221 Advanced Diploma of Skin Therapy

Are you ready to take your passion for skin health to the next level?

The SHB60221 Advanced Diploma of Skin Therapy is designed for qualified beauty professionals who want to specialise in advanced skin treatments and move into clinical or dermal therapy settings.

This course develops your expertise in analysing skin conditions, designing personalised treatment programs, and delivering advanced clinical services with confidence and professionalism.

If you're ready to go beyond the basics and position yourself as a dermal therapist, this advanced diploma is your next step. You'll perform a wide range of treatments, from skincare and makeup to massage and advanced therapies.

Course Overview & Learning Outcomes What You'll Learn:

In this Nationally Accredited Qualification, you will gain a deep understanding of:

- Advanced skin analysis and diagnostics
- Designing and managing sequential treatment programs
- Providing safe, results-driven treatments such as:
 - Chemical peels
 - Skin needling
 - Microdermabrasion
 - LED therapy
 - Lymphatic drainage

- Understanding contraindications and referral processes
- Managing treatment outcomes and client expectations
- Infection control and safety in a clinical environment
- Advanced client consultation and communication techniques
